GRIP-TITE HOSE, Rubber / Fiber Cover (760-761)

Applications:

A lightweight, flexible, low pressure, general purpose hose with one fiber braid reinforcement. Used for conveying hydraulic oils, mineral oils, antifreeze solutions, most agricultural sprays and other diluted chemical solutions.

Used in conjunction with Grip-Tite Hose Barbs.

Working Temperature:

-40°F to +220°F, -40°C to +104°C

When installing Grip-Tite Hose Barbs, make sure yellow ring is touching the end of hose and the barb is fully inserted for maximum holding power.
